

PCB Minor Modification – Replace Hall Sensors and Adjust Orientation

Posted 11 minutes ago

 Worldwide

Summary

Hello,

I need a freelancer to modify an existing PCB design.

Tasks:

Replace current Hall sensors (A1220) with non-latching Hall sensors (A3144), ensuring correct pin compatibility and orientation
Adjust the position and orientation of all Hall sensors so they face toward the center, according to a reference image provided below
Keep the circuit compatible with the current design (no major redesign required)

Files (schematic + PCB) will be provided.

DELIVERABLE: Updated schematic and PCB files with the required modifications

Thank you.
